## DESCRIPTIF ENTREPRISE

**Secteur d'activité:**

Informatique

**Spécialisation de l'entreprise:**

Application pour le secteur de la construction

**Bref historique de la société:**

APROPLAN was founded in 2012 to help the construction sector become digital. After 4 years as a spin-off Thomas and Renaud did a MBO of the company in 2016 to be able to bring the company to the next level. Attracting investors such as Inentures, Forntino onboard to help them convert the sector.

**Chiffre d'Affaires:**

2017: 2.2m€

**Effectifs:**

2017: 48

CEO: Thomas Goubau

**Mission:**

We build an easy-to-use mobile app that helps construction people replace pen and paper and save hours of work per week.

**Vision:**

Will be the leader in on-site tools evaluated by its adoption by end- users. Our team will be worldwide and we'll generate well above 15 mio€ in ARR. Our approach #smartbuilding will be recognized as a proven framework by both construction and facility management companies.

**Valeurs:**

To keep our happy customers happy,...

- We have respect for our clients
- Empathy for our clients
- We deliver top quality service
- WOW effect for our clients

please fights...

-The team is like a family where trust makes it safe to fight for you opinion based on facts and data and do what you say and say what you do.

-As a team we commit to decision and common results, we communicate clearly and the team holds you accountable for your commitments

Enjoy the ride..

- Our environment is not hostile and offers opportunities
- Happiness is key with jovial comrades like a real APROPLANer
- You are humble enough to know you can still learn from anyone
- You are engaged, always hungry for more
- Use Emotional Intelligence to communicate effectively
